There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

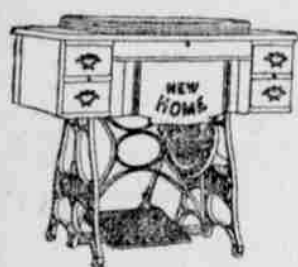

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

MONTPELIER

Montpelier High School Has Hopes of Winning Basketball Title.

The championship hopes of Montpelier high school's basketball team are brighter to-day because of the defeat last evening at St. Johnsbury of the academy team by the locals in a fast clean game, the score being 38 to 26. According to a report received in the city from Coach Edwards, who is with the team on the two days' trip, the game was witnessed by an exceptionally large and enthusiastic crowd and Gammell, the referee, was characterized as the fairest official encountered this season. To-night the locals play Hardwick academy and should Montpelier win the team has better than a fighting chance for the pennant, especially if Montpelier seminary trims Burlington high in the armory this evening.

The summary:
Montpelier. St. Johnsbury.

Gross, lf. 10, Farnham
Jangraw, c. 10, Masse
Smith, rg. 10, Vitty

The holiday, with closed offices, stores and other places of business, coupled with an attractive card, brought the largest crowd of the season to the Winooski river course yesterday afternoon to witness the races. Hundreds of spectators lined the banks on either side of the river and almost as many selected the ice as the place to view the fast spurts. Quarter-mile heats were in order for the first time in several years on the local track and the fastest time of the afternoon was made by Billy Walters, jr., in the second heat of the race in which Anna Deen was forced for the first time this season to take second money. The Anna Deen-Billy Walters match, termed Class A, was the most interesting clash of the afternoon and the little Barre mare captured the first heat in 33 seconds. Thereafter the Bedell horse was able to outpace the daughter of Aldeen. The other winners of the afternoon were Duke, owned by Lord, Cherry Dean, owned by Vilas and capably driven by Slayton, and Max L. Bingen. The driving club has arranged for another attractive program next Saturday.

The summary:
